

# THE ESSENTIAL CHARGER FOR NEW GENERATION START/STOP VEHICLES

The CTEK START/STOP Battery Charger & Maintainer has been specially designed to provide safe and easy charging and maintenance for vehicles equipped with the new generation Start/Stop technology.

To ensure the vehicle's Start/Stop function operates effectively to deliver maximum fuel efficiency and minimum environmental impact, the battery has to be properly charged and maintained. This also maximises battery lifetime and gives optimal reliability - avoiding unexpected and costly replacements.

The CTEK START/STOP Battery Charger & Maintainer is a practical and simple to use charger with an easy to understand display. It is non-sparking, reverse polarity protected and short-circuit proof, and comes with a 5 year warranty.
